## LAND SUIT APPEAL U. S. CIRCUIT COURT

### Government Attorneys Ready for It After Months of Preparation.

Special to The Tribune. BOISE, July 17 .- The civil suit of some years' standing which has grown out of the alleged illegal transactions of the

Barber Lumber company and involves the title to 35,000 acres of timber lands in the Boise basin, will be filed on appeal in the Boise casin, will be fried on appeal in the United States circuit court at San Francisco this week by Peyton Gordon, special assistant to the attorney general. Mr. Gordon stated that he expects the case will be calendared for October and that he will argue it personally. The criminal case growing out of the same action against James T. Barber and Sumner G. Moon will be tried in the supreme court of the United States October 7.

preme court of the United States October 7.

The civil case which is to be appealed before the circuit court in San Francisco is one of the most important which has ever come before the central division as it calls into question the title of a large tract of timber land lying thirty-five to fifty miles north of Boise. It was tried last in the Oreson district, Judge Bean of that district rolling adversely to the government. The litigation has caused lie big mili at the Barber dam, five miles south of Boise to shut down and for two years not a wheel has turned. Both sides of the case are busy at work on their evidence, and in order to file the appeal, the government has had a force of stenographers at work for the past two months, and between 5000 and 6000 pages of transcript have been compared. The task was completed yesterday, and arrangements were immediately made to transfer the evidence and exhibits from Boise to San Francisco.

### ROUTE FOR CACHE SHEEP: FOREST MEN CLOSE IT

Special to The Tribune.

LOGAN, July 17.—The county commissioners yesterday employed another imperintendent for the poor farm. Niels R. Broby of Wellsville, who is to receive \$80 per month and the use of the regidence on the farm. Broby will take charge of the farm on Monday. The sheepmen of this locality appeared in a body before the board, and asked that the ordinance closing the road in Blacksmith Fork canyon to sheep be repealed, as it is doing them great harm. There is practically no other way of retting into the mountains with sheep hey said, as the forest reserve officials ave closed the other routes. One of the sheepmen said he had been unable to feliver mutton sold, because of the new aw and he was losing a large amount every day.

board has been harassed and an-The board has been harassed and an-noyed by the refusal of sheepmen to re-pair the damage done to the roads by the passage of the sheep over them and passed the new ordinance for that rea-son, and so, to remove that reason the sheepmen made this offer. They are willing to pay a half cent per head for all sheep over three months of age that pass over the road and this money is to all sheep over three months of age that pass over the road, and this money is to be turned over to one of their number—Mr. Ernest Petersen—who will bind himself to keep the roads in good repair and to care for all dead sheep that may be left by the passing herds. He is willing to give a bond in any sum desired by the board. This proposal will likely be accepted and the road reopened to sheep. The county clerk's report of the assessment for Cache county this year state board assessment included, shows the total to be \$8.671.242, and the average valuation of the land in the county is given at \$8 per acre.

### LOW WATER ORDER FOR BOISE RIVER

pecial to The Tribune.

Special to The Tribune.

BOISE, July 17—Because of the low water in the Boise river, a special order decreeing the amount of water to be taken by the various irrigation ditches has been issued by Judge Edward L. Bryan of the Fourth judicial district yesterday. This amount has been fixed at six-tenths of that allotted and is to be in force for the remainder of the year 1910. The order grew out of an action filed by the Farmers' Co-operative Ditch company against the Riverside Irrigation district in which it was set forth that as the water in Boise river was much lower than usual at this season of the year, the duty on water must be greatly reduced in order to keep the crops slive, and that unless a more equal distribution of water was made by the court, there would be much suffering on account of crop shortage and the country would be greatly damaged.
